

## Womentoring Testimonials

"I feel so blessed to be in a relationship with new women friends who are so incredible. The sincerity and genuine fondness shared by everyone seems somehow unique and yet it comes so easily."

~ Toni, mentor

"I am enjoying Womentoring more than I ever thought I would! I feel really lucky that my mentor was picked for me. I am turning 30 in 19 days and all sorts of crud is coming up. Thanks for all the work you put into this — it is a true light in my life."

~ Sarah, mentee

"Thank you for all of your vitality, intelligence and most importantly sense of humor to go where no women has before in Teton County! Coming out of this program, I plan to change the way citizens of the area view educational choice."

~ Kathy, mentor

"Last night's Womentoring event was really powerful. It was really overwhelming to me (more than I ever imagined) to be placed with a mentor and to know that this person cares about me and wants to help me. What an amazing feeling! I'm such a sap that it almost brought me to tears just writing this."

~ Andrea, mentee

"Being on the Mentor end of the equation, I have gained understanding and insight regarding what it means to be a mentor in the community both personally and professional. It is an important skill to learn how to empower and encourage women to have confidence in themselves and courage to pursue whatever goals they are aiming for. I also appreciate having a wider scope of contact with another age group of young professional women in Jackson."

~ Marcia, mentor

"My experience with the Womentoring program has helped me define how I would like to structure my life in the future to balance contributions to our community, my work, and my family. It is easy to get pulled in too many directions, or in the wrong direction, and I feel like I gained good guidance on how to stay on the track that is best for you."

~ Maggie, mentee

“I was pleasantly surprised and humbled at how much my mentee values my support. Since I had not previously really considered myself to be a mentor, I suppose Womentoring forced me to look at myself in a new light.”

~ Jean, mentor

“I am grateful and honored to be part of such a wonderful group of women. I also loved meeting women that I wouldn't normally in my day-to-day life, and hearing all of the wisdom from great members of the community.”

~ Cassie, mentee

“I am impressed with the thoughtfulness, grace and style that went into creating Womentoring. The underlying foundation for the program is best intentions. Wouldn't it be great if we approached everyone openly with our best intentions, not competition or fear?”

~ Stephanie, mentor

“As far as my mentor goes, I LOVE HER! We are just having a nice time going where the wind takes us, and it is really nice to have someone to talk to who knows how crazy my line of work is and can give me clear, honest feedback. We decided that both of us are always so focused on having an end product; we were going to focus on only a few things with each other, and just see where time takes us with each other. My mentor has been so great in helping me see what I need and what I want. I have not had someone in my life (besides my husband) who is there just to listen to me – it is a weird feeling but so nice, too – like being a kid.”
